

RESOLUTION No. 29

Recognition of the Classical Swine Fever Status of Members

CONSIDERING THAT

1. During the 81st General Session, the OIE World Assembly of Delegates (the Assembly) adopted Resolution No. 29, which amended the chapter of the *Terrestrial Animal Health Code (Terrestrial Code)* on classical swine fever (CSF). These standards provide a pathway for Members or zones to be recognised by the OIE as free from CSF,
2. During the 83rd General Session, the Assembly adopted Resolution No. 15, which specified and updated the procedure for Members to follow to achieve official recognition and maintenance of status for certain animal diseases, including CSF,
3. During the 83rd General Session, the Assembly adopted Resolution No. 16 which specified and updated the financial implications for Members applying for evaluation of official recognition of disease status to meet part of the costs defrayed by the OIE in the evaluation process,
4. During the 79th General Session, the Assembly noted that an explanatory document outlining the standard operating procedures for official disease status evaluations had been compiled by the OIE Headquarters for the benefit of Members,
5. During the 85th General Session, the Assembly noted a complete revision of the standard operating procedures providing further details on the process of official status recognition. The document has been published on the OIE website,
6. Information published by the OIE is derived from declarations made by the OIE Delegates of Members. The OIE is not responsible for publication and maintenance of countries' or zonal disease free status based on inaccurate information or untimely reporting to the OIE Headquarters of changes in epidemiological status or other significant events subsequent to the time of declaration of freedom from CSF,

THE ASSEMBLY
