

Dr Joffid Mackett

DAFF, Australia

Joffrid Mackett is a veterinarian with a Bachelor of Veterinary Science degree from Sydney University and a Masters of Clinical Epidemiology from the University of Newcastle. He has previously worked in private practice; as a Veterinary Officer for the Northern Territory Government in Alice Springs; as a District Veterinarian for the New South Wales Rural Lands Protection Board in Tenterfield; and as a Veterinary Officer in the Australian Government Department of Agriculture, Fisheries and Forestry (DAFF). He was appointed Agriculture Consul (Middle East) to Dubai in 2008 where he represents Australia on policy and technical issues relating to agricultural exports and imports to the Middle East and North Africa.
