### Epidemiology

#### Epidemiological comments

Epidemiological investigation is ongoing. Stamping out of all domestic poultry is being applied in an approximately 3-km-radius zone around the outbreaks followed by compensation of the owners.

An intensive surveillance campaign has been launched in a 10-km-radius zone including:

- closure of poultry markets and prohibition on sale and transportation of poultry products in the infected zone;
- disinfection of premises after culling and sealing of premises where appropriate.

Restocking will be applied in accordance with a specific protocol.

Source of the outbreak(s) or origin of infection • Unknown or inconclusive
