

Follow-up report No.29

Report reference: 16-015-00005, Reference OIE : 23748, Report Date : 10/05/2017, Country : Germany

Report Summary

| | | | |
|-------------------------------------|---|------------------------------|----------------------------|
| Name of sender of the report | Dr. Karin Schwabenbauer | Telephone | +49-(0)228 - 99 529 - 4176 |
| Position | Ministerial Dirigentin and Chief Veterinary Officer | Fax | +49-(0)228 - 99 529 - 3867 |
| Address | Rochsstr. 1 Bonn D-53123 | Email | ual32@bmel.bund.de |
| | | Date submitted to OIE | 10/05/2017 |

| | | | |
|-------------------------------------|---|--|---|
| Animal type | Terrestrial | Date of report | 10/05/2017 |
| Disease | Highly pathogenic avian influenza | Date of start of the event | 07/11/2016 |
| Causal Agent | Highly pathogenic avian influenza virus | Date of confirmation of the event | 08/11/2016 |
| Serotype(s) | H5N8 | Date of last occurrence | 09/2015 |
| Reason | Recurrence of a listed disease | Diagnosis | Clinical, Laboratory (basic), Laboratory (advanced) |
| Country or zone | the whole country | Clinical signs | Yes |
| Number of reported outbreaks | submitted= 283, Draft= 0 | | |

Outbreak details

| Province | Number of outbreaks | District | Sub-district | Unit Type | Location | Latitude | Longitude | Start Date | End Date: |

Epidemiology

Epidemiological comments

All poultry have been culled and safely disposed of. No poultry or poultry products have been dispatched. Epidemiological investigations started.

Source of the outbreak(s) or origin of infection

- Unknown or inconclusive

Measures applied

| Applied | To be applied |
|--|---|
| <ul style="list-style-type: none"> • movement control inside the country • screening • disinfection / disinfestation • traceability • quarantine • surveillance outside containment and/or protection zone • stamping out • official destruction of animal products • official disposal of carcasses, by-products and waste • surveillance within containment and/or protection zone • control of wildlife reservoirs • zoning | <ul style="list-style-type: none"> • no planned control measures |
| Animals treated | Vaccination Prohibited |
| No | Yes |

Diagnostic test results

| Laboratory Type | Name of Laboratory | Species | Test Type | Date results provided | Result |
|---------------------|------------------------------|---------|---------------|-----------------------|----------|
| National laboratory | Friedrich-Loeffler Institute | Birds | real-time PCR | 09/05/2017 | Positive |

Future Reporting

The event is continuing. Weekly follow-up reports will be submitted.
