

ZERO HUMAN DEATHS FROM DOG-TRANSMITTED RABIES 2030

* World Health Organization (WHO), World Organisation for Animal Health (OIE), Food and Agriculture Organization of the United Nations (FAO) and Global Alliance for Rabies Control (GARC)

PROBLEM STATEMENT

Although 100% preventable, over 59,000 people, in over 150 countries, die of rabies every year. Rabies is nearly always fatal once symptoms appear.
