

2nd OIE Global Conference on Antimicrobial Resistance and Prudent Use of Antimicrobial Agents in Animals

Putting Standards into Practice

Marrakesh (Morocco), 29 - 31 October 2018

PRÉSENTATIONS

SESSION 1: SETTING THE SCENE

- **The Tripartite antimicrobial resistance work programme under the Global Action Plan**
Matthew Stone, Deputy Director General, World Organisation for Animal Health, OIE
- **The United Nations Interagency Coordination Group on Antimicrobial Resistance**
Sally Davies, Co-convenor, United Nations Interagency Coordination Group on AMR
- The economic case for investment in antimicrobial resistance
Juergen Voegele, Senior Director, Agriculture Global Practice, World Bank / Not available

SESSION 2: POLITICAL PANEL: ANIMAL HEALTH SECTOR PARTICIPATION IN ANTIMICROBIAL RESISTANCE NATIONAL ACTION PLANS

- **Minister' s round table**

SESSION 3: BEHAVIOUR CHANGE AND COMMUNICATIONS STRATEGIES TOWARDS REDUCING ANTIMICROBIAL USE IN ANIMALS

- **New insights: applying behavioural science to the use of antimicrobial agents in livestock worldwide**
Elizabeth Long, DTA Innovations
- **Global communication on antimicrobial resistance in animal health: OIE and Tripartite efforts**
Catherine Bertrand-Ferrandis/Taylor Gabourie, World Organisation for Animal Health, OIE
- **Development of a communication strategy for animal health**
Joseph Othieno, Kenya Tsetse and Trypanosomiasis Eradication Council
- iAMResponsible: imparting a sense of accountability, ownership and responsibility among stakeholders in the fight against antimicrobial resistance (**Part 1 / Part 2 / Part 3**)
Samuel Castro, Department of Agriculture of the Philippines
- **Identification of behaviour change drivers in key stakeholders**
Christianne Brusckke, OIE Delegate, Nature and Food Quality, Ministry of Agriculture of the Netherlands

SESSION 4: RESPONSIBLE AND PRUDENT USE OF VETERINARY ANTIMICROBIALS: PRACTICAL TOOLS AND EXPERIENCES

- **The OIE strategy on antimicrobial resistance and the prudent use of antimicrobials**
Elisabeth Erlacher-Vindel/David Sherman, World Organisation for Animal Health, OIE
- **World Veterinary Association's experience and supportive tools to promote prudent use of antimicrobials worldwide**
Zeev Noga, World Veterinary Association
- **Country level implementation: FAO experience including aquaculture**
Melba Reantaso, Food and Agriculture Organization of the United Nations

WORLD ORGANISATION FOR ANIMAL HEALTH • *Protecting animals, preserving our future*

12 rue de Prony 75017 Paris France • tel.: 33(0)1 44 15 18 88 • fax: 33(0)1 42 67 09 87 • www.oie.int • oie@oie.int

SESSION 5: SURVEILLANCE AND MONITORING TOWARDS EFFECTIVE MANAGEMENT OF ANTIMICROBIAL RESISTANCE

- **OIE Database on antimicrobial agents intended for use in animals: third phase results**
Delfy Góchez, World Organisation for Animal Health, OIE
- **Global antimicrobial resistance surveillance initiatives: updates from the WHO GLASS and FAO ATLASS**
Carmem Pessoa, World Health Organization/Beatrice Mouillé, FAO
- **Integrated surveillance of antimicrobial resistance in the food chain: challenges**
Sarah Cahill, Codex Alimentarius Commission
- Experience on integrated surveillance at country level: AGISAR country pilot projects and the tricycle project (**Part1/Part2**)
Awa Aidara-Kane, World Health Organization

SESSION 6: INDUSTRY PANEL: DRIVING PRIVATE SECTOR ENGAGEMENT IN THE GLOBAL RESPONSE TO ANTIMICROBIAL RESISTANCE

- **Round table**

SESSION 7: PROMOTING ACCESS TO HIGH QUALITY VETERINARY ANTIMICROBIALS

- **Promoting access to high quality veterinary antimicrobials**
Norbert Mencke, HealthforAnimals
- **Customs experience, challenges and findings**
Satoko Kagawa, World Customs Organization
- **Antiparasitological resistance, a growing challenge**
Patrick Vudriko, Uganda Makerere University

Country experiences:

- Thailand (**Part1 / Part 2**): Sasi Jaroenpoj, Animal Feed and Veterinary Products Control Division Department of Livestock Development
- **Morocco**: Khadija Id Sidi Yahia, National Office of Food Safety
- **Argentina**: Federico Alberto Luna, National Agrifood Health and Quality Service

SESSION 8: RESEARCH AND FUTURE DEVELOPMENTS IN COMBATTING ANTIMICROBIAL RESISTANCE

- **The road towards the research and development of alternatives to antibiotics**
Cyril Gay, Agricultural Research Service, United States Department of Agriculture
- **Prioritisation of diseases for which vaccines could reduce antimicrobial use in animals**
Gérard Moulin, French agency for veterinary medicinal products
- **The use of economics for selecting interventions and policies**
Jonathan Rushton, University of Liverpool
- **The economic benefits and costs of antimicrobial use in food animal production: what lessons can be drawn?**
Michael Ryan, Organisation for Economic Co-operation and Development

SESSION 9: INTERNATIONAL PARTNERSHIPS TOWARDS EFFECTIVE IMPLEMENTATION OF THE ANTIMICROBIAL RESISTANCE CONTROL

- **How can standards be translated into practice**, *Franck Berthe, World Bank*
- **Round table**

SESSION 10: RECOMMENDATIONS AND CLOSING
