Non Tsetse Transmitted Animal Trypanosomosis**
2-3 December 2018

**North-West University
Potchefstroom
South Africa**

Program

3RD International Conference on Non-Tsetse Transmitted Animal Trypanosomosis

Monday 3 December 2018

8:00 – 08:50 Registration

8:55 – 09:00 Welcome

Oral Presentations

9:00 – 09:45 Guest lecture

Prevalence of *Trypanosoma evansi* in camels (*Camelus dromedarius*) in Ghardaïa district, south Algeria

Phillippe Buscher - *Institute of Tropical Medicine, Belgium*

9:45 – 10:05

The evaluation of GM6-based ELISA and ICT as diagnostic methods on a Mongolian farm with an outbreak of non-tsetse transmitted horse trypanosomosis

Peter Musinguzi - *Kampala International University, Uganda*

10:05 – 10:25

A preliminary study of *Trypanosoma evansi* infection in domestic animals in an endemic area of Southern Algeria

Djamila Boushaki - *Inspection Vétérinaire de la Wilaya d'Alger, Algeria*

10:30 – 11:00 Tea break

11:00 – 11:30 Guest lecture

In search of new small chemical leads against Surra

Paul Horrocks - *Keele University, United Kingdom*

11:30 – 11:50

Prospects for control and elimination of camel trypanosomosis due to *T. evansi* (Surra) in Africa

Oumar Diall - *Comité National de la Recherche Agricole du Mali (CNRA), Mali*

11:50 – 12:10

Treatment efficiency of combination therapy using diminazene aceturate and quinapyramine sulfate for a dourine horse

Keisuke Suganuma – *Obihiro University of Agriculture and Veterinary Medicine, Japan*

12:10 – 12:30

In vitro evaluation of trypanocidal efficacy of benzyltriazole derivatives on *Trypanosoma evansi*

Nthatisi Molefe – *North-West University, South Africa*

12:30 – 13:30 Lunch Break

13:30 – 14:00 Guest Lecture

Dourine in Southern Africa: A neglected subject of research

Oriel Thekiso – *North-West University, South Africa*

14:00 – 14:20

Improvement of molecular diagnostics for *Trypanosoma equiperdum* infection in horses and donkeys from South Africa

Malitaba Mlangeni - *North-West University, South Africa*

Poster Presentations

14:20 – 14:35

Diagnostics and countermeasures of dourine in Mongolia

Narantsatsral Sandagdorj - *Mongolian University of Life Sciences, Mongolia*

14:35 – 14:50

Symptomatology and diagnosis of Dourine in horses infected by insemination or transfusion

Ahmed Y - *Wollo University, Ethiopia*

14:50 – 15:00

Next conference (2019)

Closure

15:00 – 15:30

Group photo
