

Follow-up report No.5

Report reference: CAN-2014-NAI-001., Reference OIE : 17139, Report Date : 21/04/2015, Country : Canada

Report Summary

Name of sender of the report	Dr Martine Dubuc	Telephone	+1 613 773 5722
Position	OIE Delegate for Canada, Chief Food Safety Officer Vice-President, Science Branch	Fax	+1 613 773 5797
Address	Floor 3, Room 349 1400 Merivale Road, Tower 2 Ottawa, Ontario K1A 0Y9 Ottawa	Email	martine.dubuc@inspection.gc.ca
		Date submitted to OIE	21/04/2015

Animal type	Terrestrial	Date of report	21/04/2015
Disease	Highly pathogenic avian influenza	Date of start of the event	30/11/2014
Causal Agent	Highly pathogenic avian influenza virus	Date of confirmation of the event	01/12/2014
Serotype(s)	H5N2	Date of last occurrence	01/2008
Reason	Reoccurrence of a listed disease	Diagnosis	Laboratory (advanced)
Country or zone	a zone or compartment	Clinical signs	Yes
Number of reported outbreaks	submitted= 12, Draft= 0		

Outbreak details

Species	Susceptible	Cases	Deaths	Destroyed	Slaughtered
Birds	244685	9094	9085	235600	0

Epidemiology

Epidemiological comments

No new outbreaks of HPAI H5N2 were detected since 19 December 2014 in the province of British Columbia. All farms were depopulated, the last one being completed on 20 December 2014. The cleaning and disinfection was completed on all farms on 3 March 2015, under the supervision of the Canadian Food Inspection Agency (CFIA). Enhanced surveillance was in place during all that time.

On 11 March 2015, the CFIA announced the revocation of the Primary Control Zone in British Columbia (effective 9 March 2015).

The Canadian Avian Influenza Surveillance System (CanNAISS) is still ongoing in all Canada. Adjustments to this surveillance program have been made in the province of British Columbia in order to regain free status in that area in accordance with Article 10.4.31 of the OIE Terrestrial Animal Health Code.

Source of the outbreak(s) or origin of infection

• Unknown or inconclusive

Measures applied

Applied	To be applied

Applied	To be applied
<ul style="list-style-type: none"> • stamping out • quarantine • movement control inside the country • screening • zoning • disinfection of infected premises/establishment(s) 	<ul style="list-style-type: none"> • no planned control measures
Animals treated	Vaccination Prohibited
No	Yes

Future Reporting

The event is continuing. Weekly follow-up reports will be submitted.
