Outbreak summary: Total outbreaks = 1 (Submitted)

Species	Susceptible	Cases	Deaths	Killed and disposed of	Slaughtered
Birds	105	19	18	0	0

Epidemiology

Epidemiological comments

All measures according to EU-Directive 2005/94 will be applied including the euthanising and destruction of all birds, cleaning and disinfection of all the premises. There are no commercial poultry farms within a 10km radius of the affected farm. In accordance with the OIE Terrestrial Animal Health Code, Article 10.4.1, point 8, this outbreak does not change the disease free status of Sweden as these are captive birds other than those falling under the OIE definition of poultry.

Source of the outbreak(s) or origin of infection

- Contact with wild species

Measures applied

Applied	To be applied
<ul style="list-style-type: none"> • no current control measures 	<ul style="list-style-type: none"> • movement control inside the country • traceability • official destruction of animal products • official disposal of carcasses, by-products and waste • stamping out • disinfection
Animals treated	Vaccination Prohibited
No	Yes
